PATENT APPLICATION
Navy Case 95,758

REMARKS

Claims 18-24 generally correspond to originally filed claims 1 and 3-8, but differ to the extent necessary to place claims 18-24 in better form without narrowing the scope as previously presented. Further, no instance of the word "step" and phrase "step of" is included in claims 18-24 so that the claims would not be construed under 35 U.S.C. § 112, sixth paragraph.

As requested by the Examiner during the telephone conversation of April 13, 2005, attached hereto is a terminal disclaimer to place the application in condition for allowance.

Kindly charge any additional fees due or credit overpayment of fees to Deposit Account Number 50-0281.

Respectfully submitted,

Thomas D. Robbins
